Building Hope for the Future

**ANNUAL REPORT // DEC 2022**

BY SEAN M. FABY, MD, MBA

Dear Hope Springs Family,

It is with pride that the Hope Springs leadership team presents to you our **first ever Annual Report!** Since 1995, HSI has set its heart to nurture the deep and meaningful growth of its community and family. In this aspiration, we have grown in size, scope and wisdom.

We have survived recessions, fire, pandemic, and the illness and loss of HSI family members; As an organization, we have become stronger through these experiences of adversity.

While we understand that as individuals our time to grow with Hope Springs is limited, we know that the life of our nonprofit organization, who has already taught us so much, is actually infinite.

HSI has so much more to offer the world than we could even describe and I cannot tell you how excited I am to see where this path of service will lead us.

Hope Springs finds itself well-positioned for a complex global future in which we intend to grow as a beacon of sustainability, collaboration and Hope.

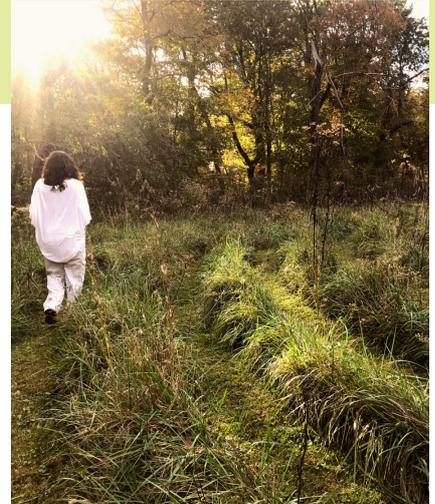

**As of today, the HSI leadership team is engaged in a 3-point plan for growth that will bolster our capacity, position us as a leader in regenerative practices, and reduce carbon.**

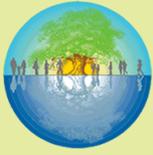

**We will achieve this through the historical preservation of our beloved farmhouse, we will reforest the upper meadow and we will elevate a new structure to expand guest capacity using ecologically defensible practices.**

We also find ourselves moving toward operational sustainability and durable financial conservancy, with a focus on growing in order to do more good. We are using strategies that I have never been more optimistic about.

The Hope Springs Institute exists for you and because of you. We are ever hopeful that you will continue to engage with us in meaningful ways.

continued...

Building Hope for the Future

ANNUAL REPORT // DEC 2022

BY SEAN M. FABRY, MD, MBA

While money is important to our continued growth and success, it is through the expansion of self and of relationships that we truly find meaning.

**By expanding our individual horizons and by strengthening our relationships with the people that Hope Springs bonds us to, we will come closer to actualizing the HSI mission of fostering inner and global peace.** I cannot think of a time better than now to do this important work!

We look forward to doing that work alongside you.

**Our ask is that you engage, share, visit and as you can, donate.**

If there is a cause that is dear to you, we also invite you to let us know how you think we can help.

Life is so rich.

Thank you for being a part of the HSI family.
